REVOLUTIONISTS RIOT IN RUSSIAN CAPITAL

Great Alarm Over the Situation Felt in St. Petersburg.

A STATE OF SIEGE

Exists in Moscow Where Cossacks Are Called Out.

MARKETS IN CAPITAL RAIDED BY MOBS—TROOPS GUARD PUBLIC WORKS AND NATIONAL TREASURY—TREPPOFF BELIEVES STRIKE WILL SOON EXHAUST ITSELF AS WORKMEN HAVE NO MONEY.

By Associated Press. St. Petersburg, Oct. 26.—During the afternoon the alarm over the strike situation in St. Petersburg increased. Meat markets were raided by mobs and all oil and candles were sold out. The people feared the city would be plunged in darkness but General Treppoff acted energetically and troops took possession of the water, gas and electric light works and a strong guard was placed around the treasury. Jewelers hurriedly sent their stock to places of safe keeping and shopkeepers continued the work of boarding up their windows.

During the afternoon striking workmen began marching into the outlying districts inviting their comrades to join them. The police and troops did not interfere but by General Treppoff's order all spirit shops were closed.

The police are becoming frightened and many of them are offering their resignations.

Reports from the interior say the troops are moving a few trains but with difficulty. The strikers are tearing up the tracks in some places out of the city.

On the bourse prices are very weak, Imperial four dropping to eighty-eight.

A state of siege exists in Moscow. Street cars are stopping and Cossacks have several times dispersed crowds of people.

General Treppoff believes the strike will exhaust itself at the end of a week as the workmen are without money.

TO WITHDRAW NAVAL FORCE FROM PACIFIC

By Associated Press. St. Petersburg, Oct. 26.—The admiral has determined to withdraw practically all the Russian naval force from the Pacific, leaving at Vladivostok only the cruiser Askold, gunboat Manjur and the torpedo boats. The new fleet program is still unsettled.

REPUBLICANS TO NAME JEROME

By Associated Press. New York, Oct. 26.—The executive committee of the Republican county committee decided at a special meeting this afternoon to call a county convention for tomorrow evening to name a candidate for district attorney to replace Charles A. Plamme, who yesterday resigned the candidacy. The committee also decided to advise that William Travers Jerome be named as a candidate.

PASSENGER WRECK ON ROCK ISLAND

By Associated Press. Fairfield, Iowa, Oct. 26.—Four persons were killed and between fifteen and twenty seriously injured in a wreck near here early today between two fast passenger trains on the Chicago Rock Island and Pacific railway. The wreck is charged to the train dispatchers' office.

Great Excitement Over Awful Crime of Negro

By Associated Press. Atlanta, Oct. 26.—Mrs. C. W. Moore, wife of a well known and prosperous merchant on the Peachtree road, near this city, was assaulted by a negro this morning. Blood hounds have been following the negro all day, but at a late hour tonight he had not been caught. The county police will continue the search tonight, and tomorrow a large posse and all the county police force will take up the hunt. It is feared the negro will be lynched if caught, as there is much excitement in the community where the crime occurred.

MISS ROOSEVELT ARRIVES IN NEW YORK

Reached Jersey City on Board E. H. Harriman's Special Train.

By Associated Press. New York, Oct. 26.—E. H. Harriman's special train with Miss Alice Roosevelt on board, arrived in Jersey City over the Erie tonight at 7:45. Mr. Harriman and members of his family left the train at Arden, N. Y., where Mr. Harriman's country place is located.

The only members of the original Taft party who came through on the train were Miss Roosevelt and her traveling companion, Miss Boardman and Miss McMillen, Congresswoman Gillet, of New York and J. C. McNeill.

GOAST PATROL TO BE WITHDRAWN

By Associated Press. Washington, Oct. 26.—The treasury department regards the yellow fever situation in the south as well in hand that it has ordered the withdrawal of the revenue cutter patrol at all Gulf points excepting Pensacola, and the two vessels there will soon be withdrawn.

SIX CREMATED IN SMALL FIRE

By Associated Press. Hot Springs, Ark., Oct. 26.—Six bodies have been taken from the Railroad Hotel on Olive street here where a small fire occurred early today. Four bodies have been identified but the others are charred beyond recognition. The fire was caused by a lamp exploding. The loss to the building is only twenty-five hundred dollars.

HIGH WIND ON ATLANTIC COAST

By Associated Press. Norfolk, Va., Oct. 26.—The wind on the coast has increased to 53 miles per hour. All the lower part of Norfolk is flooded and street car traffic has been tied up in many sections.

CAPT. BRIGGS DONATES \$10

Capt. William Briggs, the proprietor of the Briggs house, has contributed \$10 to the yellow fever fund. His letter, which is self explanatory, is as follows:

"Chicago, Oct. 24, 1905.
"Editor Pensacola Journal:
"Myself and wife send many thanks for the prompt delivery to our address of The Journal. We will probably leave Chicago the last of this week, heading south. We will make a number of stops before reaching St. Louis and will probably remain at the latter place until quarantine is lifted.
"Seeing your appeal for more funds to carry on the relief work, you will find enclosed an order on Thos. C. Watson & Co. for \$10.
"Please follow me with The Journal, as we would be lost without it. Keep her coming.
"Respectfully,
"CAPT. WM. BRIGGS."

CUBAN GENERAL MAY LEAD REVOLT

Gomez Said to be Purchasing Rifles in the United States.

REPORT GENERALLY DISCREDITED IN CUBAN OFFICIAL CIRCLES—PROBABLY PUT IN CIRCULATION TO IMPRESS UNITED STATES OF SPIRIT OF UNREST.

By Associated Press. Havana, Oct. 26.—An uncredited rumor is in circulation to the effect that General Jos. Miguel Gomez, former governor of Santa Clara province, until recently a candidate for the presidency of Cuba, and who is now in the United States, is buying six thousand rifles in the United States for the purpose of organizing a revolution in Cuba.

General Froyre Andrade, secretary of the interior, laughed when questioned on the subject and said: "If Gomez brought the rifles into Cuba he would not find men to carry them, much less to fight with them. We have heard such rumors. They seem to have been gotten up for the purpose of convincing the United States government that there is a spirit of unrest in Cuba."

Senator Zeeyas, president of the Liberal party, was surprised when he heard the report, and said: "Gomez has not the money to buy arms. He is going to rent a plantation and become a sugar planter."

DEATH OF AN AGED CONFEDERATE NURSE

Mrs. Martha J. Dodge, aged 84 years, expired last night at her home, No. 6 North Twelfth avenue, after a long and painful illness. Death was due principally to old age.

The deceased was one of the nurses during the civil war, nursing the sick and wounded Confederates during that period. She served in this capacity throughout the entire war and her services were greatly appreciated.

The remains will be interred this afternoon, the funeral being conducted at 4 o'clock at the family home.

PRESIDENT ALARMED BY NEW ORLEANS CROWD

Omits Expected Address Fearing Injury to Women and Children—Magnificent Reception Tendered Executive.

By Associated Press. New Orleans, Oct. 26.—The President's southern trip closed here today by a greeting intensified, if possible, compared with what he received at previous stopping places. The throngs were so dense that the President feared injury to women and children which caused him to cut short his address and urge the people to disperse.

The streets were thronged with shouting thousands from the city, Mississippi and Louisiana, and flags and bunting covered two miles of the route over which the parade passed. The President was kept standing in his carriage bowing acknowledgments of the welcome.

The President's car reached Stuyvesant docks promptly at nine o'clock and he then stepped on the steamer Commodore, which was waiting to make the river trip and inspect points of interest along the water front. He was welcomed on the steamer by four hundred leading men and women of New Orleans, headed by Governor Blanchard, Mayor Behrman, Dr. White, of the Marine Hospital Service, and federal, state and city officials.

On the return of the steamer the procession formed and the President was escorted by a number of former members of the Roosevelt Rough Rider's regiment. The parade ended at the city hall, where the President was expected to deliver his address. The dense crowd alarmed the President and he urged them "Go home and be good citizens." He then retired to the mayor's office, where he held a brief reception.

The President and members of his party left at 6 p. m. on the Lighthouse tender Magnolia for the passes where the cruiser West Virginia is at anchor awaiting to carry them to Washington.

BALDWIN COUNTY COURT HOUSE PUZZLE

Order of Judge at Daphne Ignored by Sheriff and Clerk—Court Adjourned at Bay Minette.

A special from Bay Minette to the Mobile Register says: Yesterday J. C. McGill, of Daphne and Rittenhouse Smith, an attorney of Mobile who was appointed solicitor by Judge Browne at Daphne, came to Bay Minette. Mr. Smith served from Daphne an order on the sheriff. It was from Judge Browne ordering the sheriff to come to Daphne at once to enter upon his duties as sheriff. The sheriff refused. He said that if Judge Browne is right in holding court at Daphne then the order was void from the fact that the sheriff was under sentence and all orders should be properly addressed to the coroner. Mr. McGill served a similar order on the clerk. Mr. Smith when asked what authority he had for serving orders

FARINE TO TRAIN UNDER FAMOUS ACROBAT

Pensacola Boy to go to London and There Meet Bennie Dunham.

Willie Farine a young man of this city who has done considerable acrobatic work in this city and who is considered exceedingly clever along this line is to leave Monday for London, where he will join Bennie Dunham, also of this city, who is the world's most famous horizontal bar performer. Young Farine will remain with Mr. Dunham in Europe, and will be under his training. Another Pensacola boy to leave at the same time will be Frank Dunham, a nephew of the famous acrobat, who will also train.

Farine is now considered one of the best acrobats in Florida, and it is expected that a short time with Dunham will develop him into one of the best men in this line of business. He has many friends in Pensacola, who while regretting to see him depart, will nevertheless wish him success in his chosen profession and congratulate him upon the good fortune he has in going with one of the finest acrobats in the world. He has been in the employ of the Electric Light Company for the past four years, and has always attended strictly to business.

HIGH HONOR FOR GEN. BOOTH

By Associated Press. London, Oct. 26.—The freedom of the city of London, a distinction on which many statesmen and warriors have set great store, was today bestowed on General Booth of the Salvation Army, who accepted it as a recognition of the world wide work of the Army.

In Baldwin county, replied: "If you were a lawyer you might know." Tonight these same gentlemen again came to Bay Minette, but they refused to state their mission.

At 3 o'clock this afternoon the sheriff called the several jurors and others together and made the following announcement: "Gentlemen, under section 922 of the code of Alabama, it is provided that in the absence of the judge court will stand open from day to day until 3 o'clock of the third day when it will stand adjourned until the next term. It is now 3 o'clock, the third day of this term."

While court stands adjourned here for the present term Judge Browne is proclaiming it open at Daphne though all cases have been continued for this week. What will happen next week, which is the criminal week, is not known. The prisoners are in Bay Minette jail and there is no place to keep them at Daphne. Neither the clerk nor sheriff have been taken to Mobile jail under Judge Browne's orders and just how he expects to get them there is a mystery to a great many people. Taking a bird's-eye view of the whole situation it resembles a Chinese puzzle which the Bay Minette end says could have easily been solved by holding court at Bay Minette the same as heretofore.

ENCOURAGING IS PENSACOLA SITUATION

Notwithstanding Fact That Twelve New Cases Were Reported Yesterday.

EXPECT DECREASE

Cool Weather Will Have Tendency to Prevent Spread.

TWO DEATHS REPORTED TO THE STATE HEALTH OFFICER—NUMBER OF PATIENTS REPORTED IN A CRITICAL CONDITION—ONLY EIGHTY CASES NOW UNDER TREATMENT.

Following is the official summary of the yellow fever situation up to last night:
* New cases 12
* Total to date 517
* Deaths yesterday 2
* Total deaths to date 73
* Cases discharged 365
* Cases under treatment 80

Twelve new cases—two deaths. This was the official report compiled at the office of the State Board of Health last night, and which will be bulletined this morning.

The report shows that the situation is still very encouraging and the present cold spell, will no doubt cause the number to decrease to a material extent within a short time, as it causes the mosquito to be less active. The cool weather, is very trying upon those who are now under treatment. There are quite a number of patients in a critical condition.

The New Cases.

The new cases reported last night, are as follows:
Miss Genevieve Shuttleworth, 161 E. Romana street.
J. W. Gay, 16 W. Gonzalez street.
Miss Essie Mitchell, 402 E. Belmont street.
Cassius Gritham, colored.
Angelo Mascona, corner Gardea and DeVillier street.
John Mitchell, 402 E. Belmont street.
Mrs. Eubanks, 919 7th Ave.
Victor Soderquest, 311 S. DeVillier street.
Mrs. Ella Metts, 814 E. Cervantes street.
Ed. Hodgeboom, 214 E. Wright street.
Alice Francis, Corner Zarragossa and Reus street.
Mrs. S. C. Donaldson, 401 E. Gregory street.

The Deaths.

Antonio Portaville, 700 West Belmont street.
F. C. West, corner Main and Alcaniz streets.
The death of Mr. West occurred several days since, but has been before officially bulletined. No report of the death was at first made to the board, and afterward it was overlooked.

Only Eighty Under Treatment. There are only eighty patients now under treatment, but of this number there are several in a critical condition, and it is expected that some of them will not survive.

The work of the fumigating corps is progressing nicely. During the past eleven days no less than 2,553 houses have been fumigated, showing how fast the work is being done. It is also thorough in every respect. At each house samples of the mosquitoes killed are placed in an envelope and sent to the state health office for classification. This classification shows that the stegomyia is fast decreasing in numbers, and where three weeks ago a large number were found, there are now very few.

Quarantine Will Remain.

Mayor Bliss yesterday addressed a communication to State Health Officer Porter, requesting that the quarantine restrictions be removed from around the city in order that country people might enter the city and dispose of their produce. The mayor gave it as his opinion that the reduction in the number of cases showed that this could be done with safety. He also asked that the water patrol be modified to allow vessels more liberty in coming and going. In making this request the mayor stipulated the hours of the day when the countrymen should come into the city and depart.

Dr. Porter was seen last night and asked if he had replied to the letter.
